Day 18: Looking ahead

Raymond Yee

March 20, 2014 (`http://is.gd/wwod1418`)

Goals Today

As announced in Topic: The goal for tomorrow's class is to get you into project groups:

> *Today, we're focusing on getting everyone into project groups. Although you won't have to commit to a project idea until you submit your proposal after spring recess, I'd like all of you to identify a project group and project idea tomorrow. A reminder that a Preliminary Project Proposal is due this Friday.*
